

Sleep. Nightshift's on.

Nightshift fixes what breaks while you sleep. The agent proposes. The wristband (the Leash) decides.

Sketch here: draw what each step looks like (screen, wristband, phone):

The Leash: what the wristband says

Amber, pulsing

Nightshift wants to fix something and is asking you.

Green

Fixed. Health check passed. Or: you approved.

Red

Blocked: the request looked unsafe. No press needed.

Gray / white

Press to undo the last change.

Sketch here: the wristband and the dashboard side by side.

A large, empty rectangular box with a dashed gray border, intended for sketching the wristband and dashboard side by side.

Notes: how Notability helped

What I changed after sketching:

Judge-facing one-liner:
